Anna Nixon
Christopher Nixon
David Curwen
Rachel Hall

Apologies

David Lockley
Ros Lockley
Ian Biggerstaff
Glenys Brown

Notes on the meeting

Chair for the meeting: Catriona Murfitt.

It is hoped that Ian Biggerstaff will chair the November meeting.

Matters arising none

SID update

- Nick Chell has downloaded data from the two ElanCity SIDs and is able to store it in future. We need to assess it for accuracy. Rachel and Nick to meet.
- Certificates for SCQF Level 5 have been awarded to three volunteers who will now be able to handle all the SIDs. We await the Memorandum of Understanding from Highways.
- Quotes for two new ElanCity SIDs are £4259.98, which is £81 more than the first two bought in 2024. It was agreed that this represented good value for money since all four SIDs would be compatible and the two new ones would be guaranteed for two years.
- The existing Westcotec sign may be refurbished to use in Farleigh Hungerford.
- Rex will approach Tim Gibbs who may be able to work directly with SC Highways to use his speed sign to slow traffic ahead of the adverse camber bend of the A366 coming from Faulkland.

A366 Report

Awaiting action from SC Highways

[NB confirmation of the works to create a 50mph speed limit was later received on 24 September]

Pedestrian safety – Anna N

- The white line has been replenished at the top of Bell Hill. The requested two others (Town Barton and Church Street) have so far not been replenished. Reminder to be sent to SD by VF
 - The high pavements may be eligible for protection under the Assets in Danger Scheme. VF to forward the email on this scheme to Anna for progress.
 - Pollution in NSP: Christopher produced a draft letter to be sent from the Parish Council to SC if ratified. This was to request a meeting to discuss a request for air and noise pollution measurements in the village. It was agreed to pass this to the PC for approval and then forwarding.

CSW report

David had sent data sheets to be presented in his absence.

Farleigh Hungerford LorryWatch

Rex has requested support from the Chief Superintendent at A&S Police. He will follow up.

Farleigh Hungerford new footpath

Slow but steady progress: Drawings have been commissioned for Highways' approval

AOB

Tellisford Road speed limit: SC Highways has been asked to consider restrictions of 20mph. No response so far. Rex will follow up.

Next meeting: 7pm on Thursday 12 November in the Dungeon Bar, George Inn, NSP

Val Fox
